

January 14, 2016

The Honourable Judy Foote  
Minister of Public Services and Procurement  
House of Commons  
Ottawa, ON

Dear Minister Foote,

Thank you for your letter dated December 22, 2015, informing the Canadian Postmasters and Assistants Association (CPAA) that the Government recognizes the importance of postal services to all rural Canadians. The Association was very pleased to learn that the government has committed to a comprehensive review of the Canada Post mandate and that it will engage all Canadians.

To the point of this letter, we wonder how the Government is planning to conduct this review of Canada Post and when? We would appreciate clarification on the following: will these meetings be open to all the public? How many sites will be visited in urban and rural areas? It is very important that our Association has this information in advance, so as to inform our members.

We are very mindful that this must be a very busy time for you and your team. I hope that you can share this information as soon as possible to enable us to prepare. I have called your office and sent an email; however, to date no one has had the opportunity to respond.

We look forward to hearing from you.

Sincerely,

*original signed by:*

Brenda McAuley  
National President  
BMc/jh
